Message from Recipient:

“Thank you Arctic Chiropractic for allowing me to be part of your goal to educate people about spinal health and chiropractic care. The information that I have learned through the Got a Spine Scholarship has equipped me with the knowledge to live a healthier lifestyle. This scholarship will help tremendously in paying for my housing, books, and other expenses. It will help to lighten the financial burden of paying for college and allow me to spend more of my time on my studies and being an active member in my community and university. I am thankful for Arctic Chiropractic’s support in my college journey and this opportunity. I hope one day I will be able to help others just as you have helped your community, patients, and me.”
